## FEEDBACK

### JITENDRA PATI AND H.NAYEK

Dear Pritam,

This is Jitendra and I had been a part of Red Panda and Bird photography trip along with Haraprasan from 16th to 21st April 2025.

My experience with the trip was very satisfying. I appreciate your effort of showing of the elusive Red Panda and other exotic bird species.

We ended up with some amazing shots of Red Panda and Birds with your guidance and are left photographing many others. But the hard work you put into showing and making us know about various birds is commendable.

The stay, fooding and transport facility was appreciable.

Keep us the good work.

We are visiting you soon.

Regards

Jitu & Hara

THANKS FOR VIWING THIS TRIP REPORT. YOU ARE ALWAYS WELCOME TO CALL OF
